Spotlight on Grace: Envision and anticipate **The Pavilion at Grace**

On behalf of all the clergy and staff of Grace Church in Providence, we wish you a very **Happy New Year!**

The Grace Church community leaps excitedly into this new year of 2017, budding with anticipation to watch **The Pavilion at Grace** take form amid our downtown cityscape right before our eyes. Like the landmark years we routinely recall from our 188-year history -- the

1829 founding of our parish, the 1846 construction of our church, and the 1912 addition of the chancel -- the year 2017 will be long-remembered as a year of glorious transformation and growth with the addition of our new light-filled gathering space called *the Atrium*, the garden facing Westminster Street complete with a stone-laid labyrinth, a new reception area, and a catering kitchen. Providing convenient wheelchair access from our parking lot right into these new spaces *and* the church, we celebrate 2017 also for the much-improved accessibility of our campus coming soon.

Skilled masons selected by Bowerman Associates have made quick work of building up the walls of the new reception area, catering kitchen, restrooms and coatroom over the past week or two. In the foreground below, we can now see the window openings through which your parish administrator will wave to you as you approach the new main entrance. The large steel beams that will form the structure of the Atrium have arrived on-site, and they are slated for installation *en masse* during January once the masons have made full use of favorable weather.

Looking back over their major achievements during 2016, the designers of The Pavilion at Grace -- Centerbrook Architects -- posted the above rendering of the new construction [with](#)

Led by Rev. Canon Jonathan Huyck, Rector, Grace Church has been revitalized in recent years much like the "Downcity" area in which it is located. The church has a growing and diverse congregation that reflects the vitality of Providence, widely regarded as one of the best small cities in America. The congregation comes from up to an hour a way to be a part of this active community.

"A parking lot will be turned into a glass filled modern gothic building and cloister garden designed to be a welcome beacon of activity on the street," said [Centerbrook](#) partner Jim Childress, FAIA. "Its use will provide a place to gather, share food, celebrate and learn from one another."

January 1, 2017 - Feast of the Holy Name

Eternal Father, you gave to your incarnate Son the holy name of Jesus to be the sign of our salvation: Plant in every heart, we pray, the love of him who is the Savior of the world, our Lord Jesus Christ; who lives and reigns with you and the Holy Spirit, one God, in glory everlasting. **Amen.**
