

MUSIC AT GRACE

2022 - 2023

*"I love the music at Grace because
IT MAKES ME FEEL PART
OF SOMETHING BIGGER"*

WELCOME

Dear Friends,

September 2022

We are extremely delighted to welcome you to this season of *Music at Grace!* While COVID-19 still lurks here and there, we are looking forward to a full and safe season! The coming year continues our tradition of offering glorious sacred choral music in worship and in concert, brought to you by the Choirs of Grace Church and *Collegium Ancora*, Ensemble-in-Residence at Grace. In addition to our own musical offerings, we welcome three guest choirs this year: Brown University Chorus, Providence Singers, and the Rhode Island Civic Chorale and Orchestra. Our *Thursdays at Noon* concert series resumes in September and continues through May, with only a brief break for the Thanksgiving and Christmas holidays. The sublime services of Choral Evensong or Lessons & Carols will be held approximately once per month, and monthly Choral Compline continues on the third Sunday of each month at 8 PM (doors open at 7:30). End or begin your week with half an hour of chant, candlelight, and incense.

This booklet outlines the musical offerings for the coming season, particularly the 10 AM Sung/Choral Holy Eucharist on Sunday mornings. Also included is an envelope for your support of *Music at Grace*. Whether you are a parishioner or a friend of music, we hope you will consider making a donation to support our musical presence in downtown Providence.

A return envelope is enclosed for your convenience, and names listed will be included in the programs for special services and concerts. *We wish to remind parishioners of Grace Church that any gift made to Music at Grace should be in addition to your regular Stewardship Pledge, which is so important to the church.*

We hope that you will walk through our historic doors on Westminster Street in downtown Providence for worship or concert, or both very soon!

The Reverend Canon Jonathan Huyck+
Rector

Vincent Edwards
Organist & Director of Music

The Reverend Hartwell Hylton+
Associate Rector

David Heinze
Associate Director of Music

Most worship services and concerts at Grace Church are live-streamed then uploaded to the following social media platforms. We hope you take a moment to explore some of these videos and listen to the wonderful music we are privileged to make.

A BRIEF HISTORY OF THE ORGAN AND BELLS

The Gallery Organ at Grace Church was installed in 1886 by the Hutchings Company of Boston. The black walnut case and stenciled façade pipes have become an iconic symbol of Grace Church. In 1902, the choir was moved from the gallery to the small chancel in the front of the church, and in 1904 the console was moved to the chancel as well. When the new chancel was built in 1912, the Hutchings Co. supplied a small chancel organ to supplement the gallery organ. The present twin chancel organ cases were also installed at that time. In 1923, Casavant Freres built a large new chancel organ of over 1800 pipes, and supplied a new console to control both organs.

In 1959, the vestry authorized a complete overhaul and expansion of both organs. Edward B. Gammons, a member of the National Joint Commission on Church Music served as consultant, along with Grace Church organist Fredrick Cronhimer, and Lawrence Phelps of Casavant. Much of the Hutchings pipework from 1886 was included in the project, including the 32' Soubasse. The Chancel Organ was enlarged to 3 manuals and pedal, and a new console was provided to control the entire organ. This project culminated in 103 ranks of pipes (68 in the gallery and 35 in the chancel) with a total of 6,124 pipes.

The organ is currently in a dire state of disrepair, and in October 2021, the Vestry authorized The Organ Project at Grace. While the digital stops added in 2010 allow us to continue to play services and concerts, we profoundly hope to restore and enhance this grand pipe organ for future generations of worshipers and music-lovers. Please see The Organ Project at Grace brochure, available in the back of the church and online. If you would like one mailed to you, please contact us.

If you are able to help us with this monumental and worthy project, please contact the Rector or the Director of Music. Single gifts or gifts pledged over a period of five years are both welcome.

Lewis T. Downes, the first organist of record at Grace Church, proposed the idea of tower bells to the vestry, and a committee was formed in March 1860 to solicit subscriptions. The 16 bells were first rung on Easter Day, March 31, 1861. The bells, cast by Henry N. Hooper & Co. in Boston in 1861, are placed in two decks in the tower. Their aggregate weight is 8 tons, and their original cost was approximately \$6,000. The bells are unusual in design and character in that they were founded on the proportion of the Spanish bell, which is longer in the waist and gives the minor third in the harmonics instead of the major third that is more commonly used.

The bells are playable both manually from a clavier in the second floor of the tower and automatically by means of a programmable mechanism provided by the Verdin Company of Cincinnati, Ohio. The Westminster Chime Clock, which plays the bells on the hour and half-hour with a separate set of hammers, was first utilized on Easter Day, March 31, 1929, exactly 58 years after the bells were rung for the first time. In August 2018, the ringing mechanism was updated with a generous gift from Todd and Zoe Hart.
